OUR PHILOSOPHY

At Beau Soleil, we believe it's what you do that counts. This philosophy holds true in all that we do as staff and for our students. We are a community that believes in the power of action, engagement and participation, inside and outside of the classroom.

Our unique holistic education is built around four core values: Respect, Responsibility, Ambition and Determination, which provide a framework to community life for our international student body.

OUR COMMUNITY

Our location in the heart of Villars-sur-Ollon, offers an enviable lifestyle with access to skiing in the winter months and a multitude of outdoor and sporting activities throughout the year. Montreux, Lausanne and Geneva are all within easy reach for cultural adventures and inspiration.

The Beau Soleil campus is an inspiring place to work with facilities that are second to none. Our ongoing campus development and maintenance programme ensures that our students and staff thrive in an environment of which they can be rightly proud.

Our students come from over fifty different countries, with diverse academic backgrounds and a wide range of future aspirations.

With curricular programmes in both English and French, students graduate with an IB or Advanced Studies Diploma. Within this framework, small class sizes allow for a flexible programme and staff are encouraged and supported to bring new ideas to all that they do.

“We want our staff to share their passions, outside their traditional teaching role, with our students, where they make use of our alpine surroundings and inspire others to lead healthy and adventurous lifestyles. Why not teach a history lesson during the day and blast the downhill bike trails in the afternoon with students?”

YOUR PROFILE

Do you live and breathe economics? Are you eager to help students navigate the complexities of supply and demand, financial markets, and economic policy? If so, we're looking for you!

We are seeking a passionate and dedicated economics teacher to inspire students and bring key economic concepts to life. With your deep understanding of micro- and macroeconomics, you'll guide learners through real-world case studies, critical thinking exercises, and dynamic discussions that shape their understanding of the global economy.

You are a qualified teacher with a strong academic background in economics, ideally with IBDP curriculum experience. Your engaging teaching style and ability to connect with students will create a stimulating and supportive learning environment. You value collaboration, adaptability, and fostering curiosity in young minds.

Beyond the classroom, you'll have the opportunity to contribute to the vibrant life of our international school—whether through mentoring, extracurricular activities, or school-wide initiatives.

If you are passionate about economics and dedicated to student success, we'd love to hear from you. Join us and help shape the next generation of critical thinkers and economic leaders!

“One of the aspects of teaching at Beau Soleil that I appreciate most is that I am encouraged to be as creative as possible in the classroom: to try new projects; plan exciting cross-curricular opportunities; expand the learning beyond the classroom.”

Dr. Paul Lynch Faculty
Leader English
